

Claims:

Claims 1-11 (canceled), and Claims 12 - 32 (not entered),
and substitute new Claims 33-52, below.

Claim 33 (new): In combination, including:

- (a) etching, creating, or forming, of symbols
into or onto the surfaces of MEMS mirrors,
and exit mirrors of lasers, and the like;
- (b) creating images of said symbols.

34 (new): The symbols of Claim 33 wherein said
symbols are alphanumeric symbols.

35 (new): The symbols of Claim 33 wherein
said symbols have a predetermined size.

36 (new): The symbols of Claim 33 wherein
said symbols have an extremely small size.

37 (new): The images of Claim 33 wherein said images are formed with laser light pulses.

38 (new): The laser light pulses of Claim 37 wherein said pulses have a predetermined duration.

39 (new): The laser light pulses of Claim 37 wherein said pulses have a very short duration.

40 (new): The laser light pulses of Claim 37 wherein said pulses have a predetermined dimension, size.

41 (new): The laser light pulses of Claim 37 wherein said pulses have an extremely small dimension; diameter, and the like.

Claim 42 (new): In combination:

- (a) first means, symbols
 - into the mirror surfaces of the group,
 - MEMS, and lasers, and the like;
- (b) second means, images of said symbols.

43 (new): The first means of Claim 42 wherein said symbols are etched into surfaces.

44 (new): The symbols of Claim 42 wherein said symbols are alphanumeric symbols.

45 (new): The symbols of Claim 42 wherein said symbols have a predetermined size.

46 (new): The symbols of Claim 42 wherein
said symbols have an extremely small size.

47 (new): The second means of Claim 42 wherein images are
created with laser light pulses.

48 (new): The laser light pulse images of Claim 47 wherein the
pulse images have a predetermined duration.

49 (new): The laser light pulse images of Claim 47 wherein the
pulse images have a very short duration.

50 (new): The laser light pulse images of Claim 47 wherein the
pulse images have a predetermined dimension.

51 (new): The laser light pulse images of Claim 47 wherein the
pulse images have an extremely small
dimension, diameter, and the like.

Claim 52 (new): Symbols represented and transmitted as
laser pulse images of said symbols,
and the devices, which create, said images
and systems, which transmit, said images.
